## First Sweet Corn Brings \$2.25 Crate As Season Starts

First sweet corn of the 1965 fall season came from the Sam Senter Farms at Belle Glade and sold FOB the local market for \$2.25 per crate. The quality was said to be rather good, considering the fact that the corn went through hurricane Betsy.

The Hattons will have corn within the next few days and it will be sold through Joe Hatton, Inc., located in the old Unity Farms packing house.

Hatton, who recently increased his packing house facilities, said he will also have beans, peppers and squash ready between now and Oct. 25 and white potatoes will be available in December.

Corn was the top product in the Glades last year exclusive of sugar cane. According to Associate County Agent John H. Cansey, the commodity added \$18,568,647 to the economy of Palm Beach County.

Of the amount, \$16,401,728 came from the Glades area alone. The remainder of the commodity came from the east coast or sandland section.

## Rainbows Discuss Coming Visit Of Supreme Deputy

New Worthy Advisor Lodius Gray presided for the first time at the regular meeting of Assembly 16, Order of Rainbow for Girls, in the Masonic Hall Monday night.

The group discussed plans for a big event for the chapter, the welcoming of "Mamma" Leta McMann of Fort Lauderdale, Supreme Deputy of the State of Florida, Order of Rainbow for Girls, when she visits Pahokee Assembly 16 on Oct. 18. She will be accompanied here on her visit by husband, "Uncle" Harry McMann.

It was announced that the series of calling card parties for the promotion of Christmas cards and novelties sales were started this week under the sponsorship of the Rainbow Girls to raise funds to send delegates to Grand Assembly.

## Carpenters Home After Extended Trip

Mr. and Mrs. Dan Carpenter were recent guests of their son-in-law and daughter (Carol Carpenter) Mr. and Mrs. Dan Borgnaes and Son Chris in New Martinsville, West Virginia for several weeks. On the Carpenter's return home they were visited by their Nephew and wife, Mr. and Mrs. Afton Carpenter of Westminster, California. ## Unknown Nova Has Good Grid Group, 'Chobee Tonight

NOVA! The name was completely new to residents of the Glades. No one seemed to know anything about Nova as a foot ball foe. However, last Thursday night the Pahokee Blue Devils found out first hand that Nova had a fairly good football team. They trounced the Web Pell aggregation by a score of 19 to 6.

The Blue Devils, winless during the 1964 season, started out like a house afire the first of this season and soundly trounced Clewiston Tigers by a score of 40 to 0. Coming back the next week they tied the Delray Beach eleven by a score of six to six. Local football enthusiasts were building up their hopes to a rather high level until the locals bumped into the little known Nova squad. That cooled things down quite a bit and Pell is singing the blues again this week.

Tonight the Okeechobee Brahmins come to Lair Field to do battle with the Blue Devils. Local fans are hoping that the mistakes made last week in the Nova game have been corrected that the Devils will come out on the long end of a score tonight.

## Judge Newell Will Speak Pahokee PTA

## Bacom Point Road, Curlee Road Now Nearly Complete

Construction is completed on the new mile of Bacom Point road and residents of that area, after suffering through mud and slush for nearly a year, are riding on a handsome modern black topped highway. A much-needed sidewalk was constructed on the north side of the new highway but a like sidewalk could not be placed on the opposite side of the road because of a row of palm trees.

Black top was put down on Curlee road this week and as soon as the shoulders are graded that new highway will be opened for traffic. The road starts at the hump-backed culvert on US441 and runs eastward for a distance of a mile and a quarter to serve the Glades Sugar House. Just as soon as the county black tops the connecting link southward to the Sugar House the growers will have a new access to the mill. The county connecting link has been promised for many months.

Avenue L—Airport Road—Ice Plant Road—whatever name you happen to know it by is fast nearing completion. It is the road that passes in front of Pioneer Growers warehouse in Belle Glade. Base rock and surface has been put in place and within the next few days—with favorable weather—the prime coat of oil will be put down to be followed by black top. Workmen are busy this week constructing curb, gutter and sidewalks.

These three road projects, totaling nearly three-quarters of a million dollars were planned and finances provided for by the former county commissioner, Paul Rardin. He said this week that he is happy that the three fine road projects are finally nearing completion.

## Turkey Shoot By Canal Point Lions

It was attended last weekend by Mr. and Mrs. John D. Rogers of Pahokee and his sister, Mrs. Nellie O'Riordan of Fort Pierce, along with hundreds of members of the family from throughout Florida.

State Treasurer Broward Williams of Tallahassee is a prominent member of the widely-known and highly respected Williams family and was present for the 62nd annual family reunion. The Graceville News issued a special edition of its weekly newspaper honoring the state treasurer and publicizing the state-wide event. The special edition contained 32 special pages devoted entirely to the life of Mr. Williams and the other members of the Williams family.

At the conclusion of the gathering when time came to elect a full staff of officers for the coming year, Mr. Rogers of Pahokee was named vice chairman to serve along with Doug Williams, Jr., of Panama City, chairman. The new secretary treasurer is Mrs. O'Riordan of Fort Pierce. The historian is Alton Williams of Trussville, Ala., and the publicity chairman is Broward Williams of Tallahassee.

Atkins presented the program, "Proclaiming and Witnessing." The Call to prayer was given by Mrs. C. B. Jones. Tentative plans are being made for a study of the mission book "Which Way to Brazil?" on November 4 with a 6:30 supper meeting at the church.

## Bill Moss New Pres. Pahokee Chamber, Banquet Tuesday

At the annual meeting and banquet of the Pahokee Chamber of Commerce next Tuesday night in the Elks club room, the newly elected president, W. O. (Bill) Moss will be introduced to the members and guests. He succeeds R. F. Hurt who took over in the middle of a term when Bill Benton resigned.

The new president is one of the area's leading growers and has been active in civic club and chamber of commerce work in Pahokee. He will make an excellent president of the organization. With cooperation from other officials and members of the chamber he should have one of the most successful terms in many years.

State Senator Jerry Thomas will be the featured speaker at the annual banquet next Tuesday night. Tickets are still available for the dinner meeting and may be purchased by calling the chamber of commerce office.

Four new directors of the civic organization will also be introduced at the banquet. They are Louis Collins, Karl Bennett, C. G. Wallis, and Joey Alderman. Charles E. Lewis is the new vice president and Marvin Crady is treasurer. Mrs. Duncan Padgett is secretary.

Several special guests have also been invited for the annual occasion.

At the annual meeting the election of officers will be held and a report of the year's activities will also be heard from officials in charge of the Farm Bureau office on Hooker Highway in Belle Glade.

Officials of the Bureau have notified every member of the group about the forthcoming meeting but many need their memory jogged to keep them from forgetting about the affair. That's what this story aims to do—job their memory about the meeting and barbecue.

### F. E. C. Engineers Are On The Job Again

JACKSONVILLE—Under a Federal Court order, the Florida East Coast Railway put back to work Monday 14 locomotive engineers who hadn't been on their job since January 23, 1963.

Eleven others were placed on leave at their request, said Raymond W. Wychoff, FEC vice president.

U. S. District Judge Bryan Simpson ruled last month that the railroad had set too stringent physical requirements for members of the Brotherhood of Locomotive Engineers when they tried to go back to their jobs under a November 1964 injunction restoring pre-strike working conditions.

The engineers were not on strike for a long time but observed picket lines of nonoperating unions who struck January 23, 1963, and are still out. After winning the 1964 injunction, engineers agreed to return to their jobs.

Judge Simpson ruled if the company didn't put 25 engineers back to work it must pay \$1,000 a day

penalty to the union. The FEC appealed the decision but lost attempts to delay the effect of it pending the appeal. Both Judge Simpson and a panel of the U. S. Fifth Circuit Court of Appeals refused to delay it.

Mrs. O. H. Sheppard has returned from a visit with her mother Mrs. Hudson, in Roanoke, Ala.

Two out of three traffic accidents—and nearly three out of four traffic deaths—occur on two-lane roads. Last Memorial Day weekend, 474 Americans died in traffic accidents. All but 12 of these deaths were on two-lane roads. Modern, four-lane highways drastically reduce accident, injury and death rates and result in lower insurance rates. Yet, 43 percent of Florida's primary highway system is classified as "poor" or "critical" by engineers. The \$300 million Highway Improvement Amendment provides the means for constructing 1241 miles of new, four-lane major route improvements. Projects were selected on the basis of traffic volume, safety hazards, condition of present facility, area economic consideration and other sufficiency ratings prescribed by the Florida Highway Code. Provision is included for the state to assist counties in buying rights-of-way on a 50-50 basis. One-third of the rights-of-way has already been purchased. Florida's tremendous traffic growth has outrun the pay-as-you-build policy. The 1965 Florida Legislature voted overwhelmingly in favor of this emergency program. You can assure Florida of an adequate primary highway system now by voting for Amendment #4 on November 2nd.

## Boating Classic Draws Many Boats

KEY WEST—Whatever else it is that lures men down to the sea to race in thundering powerboats, prize money helps and the record-setting \$5,500 purse put up for this year's Miami-Key West classic should bring on an awesome fleet. The annual offshore race has been set for Nov. 12 with an estimated 50 of the most powerful craft in existence expected to make the hectic 158-mile run to Key West.

The world title could be decided this year in the Miami-Key West

race as it is the final event of the year for the international offshore powerboat racing circuit.

Key Westers make the occasion a festive one for the battered crews and drivers once they cross the finish line, with fashion shows, fishing tournaments, dances and banquets.

A brand new convention hall in the city will also help the hosts feed and entertain an estimated 400 drivers, crews and their families and racing fans.

During the past 10 years, 74 new have been built in Florida to push the military and civil airports have state total to 218 airports.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

## Need Accountants In State Agencies

TALLAHASSEE — An increased need for college-trained accountants has opened numerous career employment opportunities at Tallahassee in state agencies served by the Florida Merit System, according to its director, Gerald L. Howell.

Four levels of governmental accounting positions, characterized by advancing amounts of experience and salaries from \$420 to \$840 per month, are listed in statewide competitive examinations set for Nov. 6.

By taking full advantage of the 14 test centers located throughout Florida, qualified accountants need never travel more than 60 miles from their home to take a test which will enable them to be certified to an agency for employment consideration. Interviews and placement follow.

Information detailing the duties, salary ranges, and minimum admission requirements for Accountant I through IV is available at every Florida State Employment Service Office, along with application blanks, which should be submitted with a transcript of college training no later than Oct. 20.

Application blanks and examination information may also be obtained directly from the Florida

Merit System, Capitol Bldg., Tallahassee, Florida.
